Hi Councillor

I did hear back from [redacted]. Also upset about being "walled in." He said there is no grocery or gas station nearby on his side of the blockade and a simple 100 meter drive to pick up a prescription took 15 minutes each way. He said these are the poorest residents of the City and people have to rely on cabs to get groceries which will now cause fares to at least triple. I let him know that we sympathize with the situation but we have no control over the Police and suggested that he follow along with Windsor Police social media for updates and hopefully some good news will arrive sooner than later.
